

# mtn Novelties

New products from Montana Colors. July 09

## 2G Colors New Formula.

# A step beyond!

The new 2G Colors Formula improves dramatically the coverage and resistance of the product to the UV rays. The compatibility with all the other products of Montana Colors range is now 100% guaranteed by 94 technology applied to 2G.

The "Silver Killer" formula is now even more effective!

The 10 colors presents the best opacity, a faster dry and a full resistance to whatever climate condition.
